Exclusive Fancy Vests at \$3.50

Though we have not lost sight of the man who desires to pay more-or even less-we have concentrated our efforts on Fancy Vests to sell at three-fifty.

You will pardon us for feeling a bit self-satisfied. For we haven't seen their equals—aside from the fact that at least nine out of every ten are shown exclusively by us.

Fashioned for us by one of New York's most exclusive tailors. His name we are not at liberty to announce, for in his shop he gets half as much again for these same vests.

The materials are French flannels, ducks, piques, and lustrous inercerized fabrics.
